25X1A MEMORANDUM FOR: Chief, [redacted]

25X1A9a      ATTENTION : [REDACTED]  
                  FROM : Chief, Publications Staff, ORR  
                  SUBJECT : Release of Information as SECRET

1. It is requested that your office examine the information in the following excerpts from the sources cited to determine whether or not it may be released as SECRET in a forthcoming ORR Project No. 51.3237:

25X1A29

"Sterlitamak Area - The general location of the secure military construction project reported under construction north of Sterlitamak in late 1955 is indicated on Figure \_\_\_\_; Figure \_\_\_\_ is a sketch, prepared from memory, showing a more precise location of the installation. The installation should be identified and described in as great detail as possible including (1) the dimensions, configuration, and location of all structures, storage tanks, equipment, security fences, gates, and towers; (2) all transport routes within and leading to the installation; (3) identification of unit and branch of service of any military personnel; and (4) description of any traffic or other activity."

25X1A2g

"Belebey Area - The suspect missile installation near Belebey is reported to be located about one mile south of town on the road running south from Oktyabrskiy ( $54^{\circ}28'N$  -  $53^{\circ}28'E$ ) through Belebey between the road and the railroad. Requirements on this installation are the same as those listed for the installation near Sterlitamak."

2. If this information is approved for release as SECRET, these sources will be deleted before the published report is forwarded to a foreign government.
